Welcome

Oh no! Tommy has lost his Reptar puzzle pieces. Join Tommy and the rest of the Rugrats babies as they search for the missing pieces everywhere from the Pickles' backyard to outer space.

Pickles' House

In RugratsTM: Search For Reptar, you start the game in the Pickles' house. As Tommy, you can explore the lower level of the house and play fetch with Spike in the yard. Run around the house and look for objects that will activate other levels. When you see an object that might trigger another level, walk up to it and press the

 Button. Objects that open levels might be something as simple as a set of golf clubs. The level's name will also appear above the object that activates it. There are also three level difficulties in RugratsTM: Search For Reptar: Easy, Medium and Hard. The hard difficulty level is accessible only after 3 easy or medium levels are completed. You can also access the hard difficulty levels after completing Mirrorland.

Cry Meter

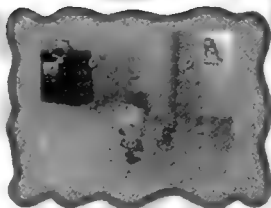

When one of the Rugrats babies' Cry Meter runs all the way down, he or she will start to cry uncontrollably, thus ending the level. Once the level has ended, the baby will be transported back to the Pickles' house.

CHUCKIE LOSES HIS GLASSES (Easy)

Rain, Rain, Go away! The Rugrats babies are left inside on a rainy day to play a game of hide-and-go-peek. Of course, Chuckie is "it". Unfortunately, Angelica took his glasses. Search the house for the other Rugrats babies. You never know where they will turn up.

What did Chuckie's left cheek say to his right cheek?
"Look out, we've been spotted!"

ICE CREAM MOUNTAIN (Easy)

Stu takes the Rugrats babies to the miniature golf course and promises them a huge mountain of ice cream if they get the balls in the holes. All of the gang pitches in to complete the nine-hole course. Be careful, some of the holes are more difficult than they seem. Watch out for spinning windmills and uneven greens. See page 17 for putting instructions.

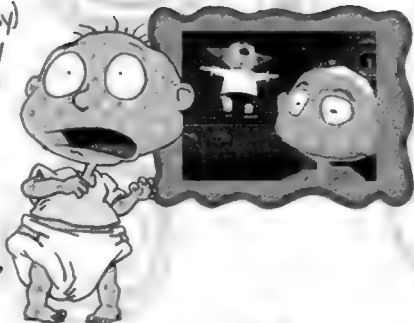

Why Does Angelica carry a pair of those little golfspikes?
Because she loves two tees.

THE MYSTERIOUS MR. FRIEND (Easy)

While playing in his dad's workshop, Tommy accidentally activates a new Pickles' toy, Mr. Friend. This scary doll chases Tommy while saying rhymes! You must knock down Mr. Friend to stop him from pursuing Tommy. Watch out! There might be more than one of Mr. Friend.

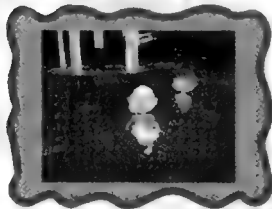

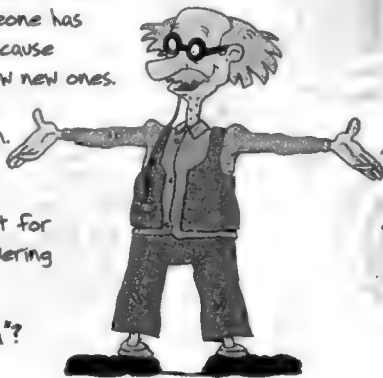

Which tool makes the Pickles' car go?
A Stu-driver.

GRANDPA'S TEETH (Medium)

Spike takes Grandpa's teeth and runs away. Someone has to help Grandpa because he is too old to grow new ones. Tommy and Chuckie make it their mission. Guide Tommy and Chuckie through a

maze of bushes to search for Spike. Watch out for a pesky goose that might keep you from recovering Grandpa's teeth.

Why does Grandpa Lou call his teeth "Niagara"?
Because they're falls.

CIRCUS ANGELICUS (Medium)

Welcome to Angelica's three-ring circus. In this level you must jump over hurdles, perform a dare-devil jump with a tricycle, and catapult Chuckie higher than he has ever flown. Be sure to catapult him high enough or he will run away like a scaredy cat!

What do Phil and Lil do before playing any sport?
They warm up.

LET THERE BE LIGHT (Medium)

Stu has made all of the neighborhood's electricity go away. Darkness has fallen on the Pickles' house. As Tommy, search your way through the darkness.

Use the flashlight and search for the refrigerator. Could that be the key to safety?
Note: The flashlight will autotrack to the closest shadow monster even if Tommy is facing another direction.

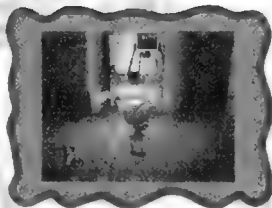

Why didn't Tommy answer the phone? The phone had crawl-waiting.

VISITORS FROM OUTER SPACE (Medium)

Aliens from outer space have abducted the Rugrats babies. Their freedom lies in Angelica's hands. Help Angelica zap aliens with her Stuvon 2000 remote control while in search of an escape. Make sure to rescue a special alien that will help guide Angelica off the spaceship. **Note:** The remote control will autotrack to the closest alien even if Angelica is facing in another direction.

How is spinning Angelica like unplugging a TV? Either way, you turn a show-off.

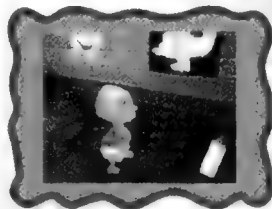

INCIDENT ON AISLE 7 (Hard)

Tommy and Grandpa go to the grocery store. Grandpa does the shopping while Tommy searches for the Reptar cereal. Finding the cereal will be harder than you think. Be careful! Many dangers lurk in the aisles like spinning soda cans, lobsters, and out-of-control clerks.

Who likes yucky stuff better: Phil or the son of the supermarket owner?

The son, because he's a little grocer.

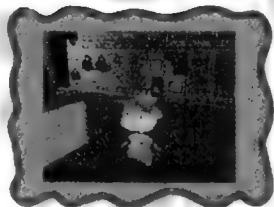

TOY PALACE (Hard)

Stu decides to take Tommy and Chuckie to the toy store for an afternoon break. The two babies

become separated from Stu and each other. Help Chuckie weave his way through the dark toy store and find Tommy.

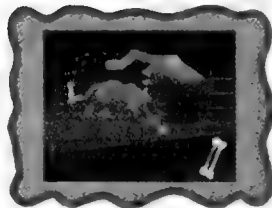

Be careful to avoid motion-activated toys such as robots and jack-in-the-boxes. Once you find Tommy, another surprise enemy awaits! You can activate an ally to defeat this enemy by up boxes to reach a switch.

Hint: Your ally is a huge lizard.

If Chuckie were a cat, what kind would he be?

A scaredy-cat

7 VOYAGES OF CYNTHIA (Hard)

Tommy and Chuckie need a captain for their boat - Cynthia, Angelica's favorite doll, is the perfect solution.

Tommy and Chuckie put Cynthia on the boat.

Unfortunately, the boat and Cynthia float down the drain. The only hope for Cynthia is to have Spike go down into the sewer to rescue her.

How is Spike like a telephone? He has collar I.D.

Bonus Levels

COOKIE RACE (Easy)

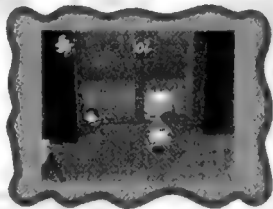

Tommy and Angelica are all out of cookies! There are more down in the Kitchen. Win the race and you will be justly rewarded.

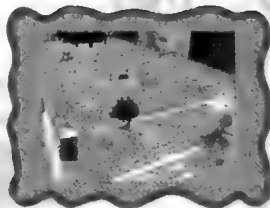

If Tommy's cousin were an antelope, what would she be?
A gazellica.

EGG HUNT (Easy)

All of the eggs are missing out of the basket! Angelica is determined to collect more eggs than Tommy. As Tommy, collect as many eggs as possible before Angelica does. Be quick about it! This is a timed level. Make sure to run fast and look for a golden egg.

How is Angelica like a new doctor?
They both need more patience.

RUGRATS BABIES TOUCHDOWN TOMMY (Easy)

Grandpa has given Tommy a bottle of chocolate milk. Angelica hears about this and immediately demands that Tommy give it to her. In this level, you must play a game of Keep away with the other babies.

Keep drinking the bottle until it is empty so Angelica cannot get any chocolate milk.

What do you call Tommy's cousin after she falls in the garbage? Ansmellyca.

NO MORE COOKIES (Easy)

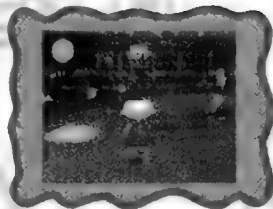

It's bad enough that Angelica tried to take Tommy's chocolate milk, now she wants the cookies! Make sure to eat all of the cookies before Angelica grabs the box away from the Rugrats babies.

What do you call newborn babies like Phil and Lil? TwinFants!

**GOLD RUSH (Easy)**

Angelica finds a nickel in the park and is convinced that there are more to be found. Phil and Lil are told to search the park for more nickels. Guide Phil as he searches for more nickels. Make sure to move fast because the clock is ticking.

Why did Angelica try to drive the Female deer nuts? She wanted to see a Kooky doe.

**MIRRORLAND (Easy)**

Tommy's world is topsy-turvy, literally. As Tommy, you must search for a way out of this upside down world. Look for a balloon to carry you to safety.

What do dinosaurs put on their fish sandwiches? Reptarter Sauce.
